

Leslie O'Connell

Senior Product Marketing Leader (Content & GTM)

NYC Metro Area · 201-378-8913 · leslieoc@outlook.com · <https://www.linkedin.com/in/leslieoc/>

PROFESSIONAL SUMMARY

Senior marketing leader across SaaS and enterprise technology, grounded in enterprise sales. Translates complex AI, data, and technology platforms into clear positioning, go-to-market strategy, and sales-ready narratives that drive enterprise adoption. Known for building messaging, content, and enablement systems that help revenue teams communicate with confidence and move deals forward.

CORE COMPETENCIES

Product Marketing & Positioning | Go-to-Market Strategy | Integrated GTM Campaigns | Messaging Frameworks | AI, Data & Cloud Platforms | Executive & Technical Storytelling | Demand Generation | Event & Conference Marketing | AEO/AIO Strategy

PROFESSIONAL EXPERIENCE

Senior Content Marketing Manager — Product Marketing Focus

Jun 2022 — Present

SoftServe · Remote — digital engineering company designing and building data, cloud, AI/ML, robotics, IoT, and XR solutions.

- Lead solution marketing messaging for enterprise AI, data, and emerging technology engagements, translating complex technical capabilities into clear, business-aligned narratives for executive and technical buyers.
- Lead messaging strategy and executive storytelling for flagship events including NVIDIA GTC and Google Next, shaping how complex AI and data solutions are positioned to enterprise buyers and enabling sales teams to engage high-value prospects.
- Develop end-to-end enterprise case studies, shaping customer narratives that support pipeline progression and credibility in late-stage deals.
- Create the messaging and sales materials account teams use in active enterprise deals to help move opportunities forward.
- Lead the development and launch of the Data Readiness Campaign, positioning data as the primary barrier to AI adoption and driving engagement across enterprise prospects while supporting strategic partnerships with Google.
- Lead AEO and AIO content strategy initiatives, establishing best practices for AI-driven search visibility and improving how content surfaces in emerging answer engines.

Senior Marketing Manager, Content & Product Marketing

Oct 2021 — Apr 2022

Collibra · Remote — data intelligence platform for data governance, quality, and privacy.

- Developed product marketing assets and use case narratives for data governance and catalog platforms, translating technical functionality into clear business value for enterprise buyers.
- Built sales enablement toolkits including competitive positioning, differentiated messaging, and deal support materials used in active sales cycles.
- Partnered closely with Sales and GTM teams on account-based initiatives, aligning messaging to target industries and key enterprise accounts.
- Managed a team of writers and editors, ensuring consistency and quality across all content and marketing deliverables.

Senior Product Marketing Manager

Jan 2021 – Oct 2021

Nuvolo · Paramus, NJ — workplace management SaaS built on the ServiceNow platform.

- Owned messaging and content for the Connected Workplace rebrand, developing messaging frameworks and go-to-market content across all channels.
- Owned product launch communications, customer webinar strategy, and customer story development to support adoption and pipeline growth.
- Campaign execution contributed to a 20% increase in demo requests and improved engagement across enterprise accounts.

Senior Content Marketing Manager

Jun 2019 – Dec 2020

Nuvolo · Paramus, NJ

- Led the SEO-driven content strategy, increasing inbound traffic and lead generation for a ServiceNow-based enterprise platform.
- Built and executed the content roadmap, producing case studies, whitepapers, and thought leadership content aligned to GTM priorities.
- Published content in industry outlets including CoreNet Global, expanding brand visibility and credibility.

ADDITIONAL EXPERIENCE

Account Executive · Pepperi

Oct 2018 – Jun 2019

Enterprise SaaS sales-execution platform.

- Managed full enterprise SaaS sales cycle, delivering product demonstrations and closing new business.

AVP, Marketing & Sales · Decusoft

2016 – 2018

Compensation management software.

- Designed and executed integrated GTM programs that doubled pipeline within two years.
- Led advisory events, RFP responses, and executive-level messaging initiatives.

Business Development Leader · Composite Software (acquired by Cisco)

2012 – 2016

Joined data-virtualization startup Composite Software; continued through its acquisition by Cisco in 2013.

- Managed enterprise accounts and strategic channel partnerships across the Data Virtualization portfolio.
- Drove revenue growth through C-level prospecting across New York Metro and New England territories.

EDUCATION

Bachelor of Arts, Political Science & History

York College of Pennsylvania
